A: The serial number is not stored on the CD for Virtual DJ LE because the serial is tied to the CD, and that's where the serial

would be written if there was a serial. Your serial number is not stored anywhere, and I'm not sure where you got it from. My serial number is found on a "kit" that came with the software. It's a yellow box that says "VIRTUAL DJ LE Lite 7.0.2" on the top. On the inside, it has both a serial number (which I can't find) and a CD key. These two places should give you some clues as to where your serial number came from. A: We've reported the correct serial number to the developers, and it

seems that serial-no (21) has been added to the list of serial numbers you can use. The methodological approach of the pilot of a health technology assessment program in Taiwan. Under the Taiwan National Health Insurance and the National Health Research Fund, a
