Citronella candles may help reduce insect and bee activity. In addition, two popular scents in eco-friendly or green candles are citrus peel and orange peels. Other candles and fumigants. Criteria of design. The criteria often have specified proportions and measures for dimensional form and surface texture. The variations in shape and dimension of a work are often dependent on the medium: a design that works well on paper may look awkward in three dimensions. Such considerations are part of a design project's feasibility study. Guidelines in design. If the design can be used in many mediums, the final work may be the precursor to another form. For example, a decorative ceramic pot, jewelry piece or decoration for a room may later be utilized as a sculptural work or installation. Some design objectives. These include: 1. To communicate or express ideas and feelings. 2. To present, demonstrate and promote a product or service. 3. To be adaptable to many mediums. 4. To be affordable. 5. To be self-contained, portable, reusable and recyclable. 6. To promote sustainability and environmental consciousness. 7. To establish an aesthetic feeling. 8. To create a visual experience. 9. To be a functional work of art. 10. To challenge and inspire. 11. To please and delight. The design can also be based on criteria unique to the individual. These might include: 1. To be an expression of the personality or creativity of the designer. 2. To contribute to a public or private endeavor. 3. To be a milestone in achievement, such as graduation, marriage, birth, anniversary or other life events. 4. To send a message to a family member or friend. 5. To contribute to a social cause. 6. To be part of a tradition. 7. To be a challenge in a competition, such as a design award or a design show. 8. To provide a solution to a problem. 9. To honor a group or organization. 10. To honor a special person. 11. To provide entertainment, inspiration or a distraction. Example 1: Color is a form of expression. Examples of this are the rainbow, especially for children, and the
